PROFESSIONAL PROFILE

Full-cycle Software Developer covering architecture, backend, and user experience. I combine strong engineering discipline (TDD, Clean Code, Refactoring) with modern technologies (Next.js, TypeScript) and AI-driven productivity. My background of over 20 years in business management provides a unique professional maturity to every project.

SKILLS

Engineering Foundations:

TDD, Software Craftsmanship, Refactoring, Clean Architecture, SOLID Principles.

Core Stack & Ecosystems:

C# / .NET, Java, TypeScript / Node.js, SQL & Data Modeling.

Frontend Architecture & UX:

Next.js (App Router), React, Astro, TailwindCSS, Accessibility (A11y), CSS Architecture.

AI-Augmented Engineering:

Prompt Engineering, Claude Code, GitHub Copilot, Gemini, Open Source LLMs.

Leadership & Product:

Team Leadership, Strategic Business Vision, Transparent Communication, Mentoring.

WORK EXPERIENCE

Lean Mind

Sept 2023 – Present

Software Developer

- **Full Stack & Quality:** Delivering robust software applying TDD and agile methodologies.
- **System Modernization:** Refactoring legacy code (Legacy Rescue) to improve maintainability without stopping business.
- **AI Innovation:** Integrating AI agents/workflows (Claude/Gemini) as a productivity multiplier (testing, documentation).
- **Modern Frontend:** Building performant interfaces with Next.js and React.

- **Technical Facilitator:** Speaker at workshops (e.g., "Testing with Mocks") and active mentoring.

Tiendas Zulima C.B.

1998 – 2023

Founder & Technology Lead

- **Comprehensive Management:** 25 years leading business operations, crisis management, and constant adaptation.
- **Digitalization:** Implementation and maintenance of IT systems, CRM, and data analysis aligned with sales goals.

EDUCATION & CERTIFICATIONS

Higher Technician in Web Application Development (DAW)

2020 – 2023

IES Abastos

Technician in Microcomputer Systems and Networks (SMR)

2018 – 2020

IES Serpis

Sustainable Testing with TypeScript

2024

Software Crafters Academy
